## PROJECTS

### ART NEST

- This project is a web-based platform that seamlessly connects artists, curators and art lovers. This project aims to create a user-friendly digital space for the art community.
- It supports artist registration, artwork uploads, user browsing, ordering and artist rating. It also provides tools for administrators to effectively manage the platform.
- Tech Stack : HTML, CSS, JavaScript, PHP

### HOSTEL MATRIX

- This project is a digital platform designed to streamline hostel management for both students and administrators.
- It provides online room booking, complaint management and real-time updates on room availability.
- Tech Stack : Python, Tkinter, SQL

## INTERNSHIPS

<b>Cybersecurity Virtual Internship (Palo Alto Networks - AICTE)</b>	July – Sept 2024
• Learned cybersecurity key concepts such as threat detection, network protection, penetration testing and firewall configuration to safeguard against cyber threats.	

## CERTIFICATIONS

• Programming Essentials in Python (Cisco)	Oct 2023
• Java Programming Fundamentals (edX)	May 2024
• Cloud Computing (NPTEL)	Jan - Apr 2025
